## EDUCATION

---

**B. Tech (Applied) – Geographic Information Systems** **2012 - 2014**  
*SAIT Polytechnic*

**Computer Support Technician – Diploma** **2005 - 2006**  
*SAIT Polytechnic*

## GIS SKILLS & ABILITIES:

---

- ESRI ArcGIS 9.3, 10.0, 10.1, 10.2
- 3D Analysis
- 3D Visualization
- Geodatabase Administration
- ModelBuilder
- FME
- Trimble Mapping
- Thematic Cartography
- RDBMS
- Airphoto interpretation
- Surface Creation & Solar Energy Generation Analysis
- Georeferencing
- ArcSDE
- ArcCatalog
- Spatial Analysis
- Network Analysis
- ArcPad
- Python Scripting
- Global Energy Mapper
- Envi
- Remote Sensing, data mapping
- Dominion Land Survey System
- Image Classification

## OTHER COMPUTER SKILLS

---

- Microsoft Office (Access, Excel, Word, PowerPoint, Publisher, OneNote, Visio, Project)
- Strong knowledge about hardware and computer sales

## GIS WORK EXPERIENCE

---

**Business Analysis, GIS – Geospatial Solutions** **11/2013 - 05/2014**  
*Devon Energy (Calgary, AB)*

- Contract fulfilled practicum requirement for degree
- Extensive Python scripting to automate new and pre-existing workflows
- Digital map creation, including exporting to ArcReader for other departments' divestiture analysis
- Using Python to fix pathways for Raster Mosaic Datasets broken during network restructure
- Re-created and documented workflow to truncate, import and update data in SDE from external data host
- Utilized Global Energy Mapper to create mosaicked images of bare earth and full feature LiDAR
- Applied FME to:
  - Re-create and document workflow to extract Shapefiles from archive file delivered from a vendor, write to the test SDE, verify, then write to the production SDE
  - Iterate over 300 folders and 500+GB of data, identify files and locations within a divestiture land location boundary file sourced on the SDE, clip areas and write to new files
  - Identify aerial photographs of divestiture land areas with file names designated from the Dominion Land Survey system, filter and identify if the files would stay with Devon or be moved with the divestiture files, and move all data for the divestiture procedure

## OTHER RELATED WORK EXPERIENCE

---

**Sales Associate**

**08/2018 - Present**
